Group 5 Date: Sat Jan 28 Time: 10 am Duration: 40 min

Present, on time: Arijus Trakymas, Sharva Thakur, Russel Tjahjadi, Mohammad Zaid

Present, not on time: NA

Absent: NA

Synopsis: We discussed what ideas we want to move forward with for the Development Project. We went through our choices for the Coding Project and selected a Coding Project.

Recent Accomplishments: Arijus and Sharva went through the best possible candidates for the Coding Project based on their experience and that of the rest of the group. Russel and Zaid worked on choosing the best candidate for the Development Project.

Current Activities: Arijus will review the development report we chose to implement for our Coding Project and begin planning what and how it will be implemented. Russel and Sharva will brainstorm different ideas on how the UI should look when it is implemented and he will find some websites that he could use to design the UI for the project. Zaid will research which clients/customers this project can reach from a business perspective and he will look into potential advertising that could market this product.

Action Items: Arijus will go over the development report chosen. Russel will brainstorm different ideas about the design of the UI. Zaid will find out which clients this project could reach. Sharva will do research on new ideas on how to make the project better. Sharva will brainstorm how the UI would flow.
